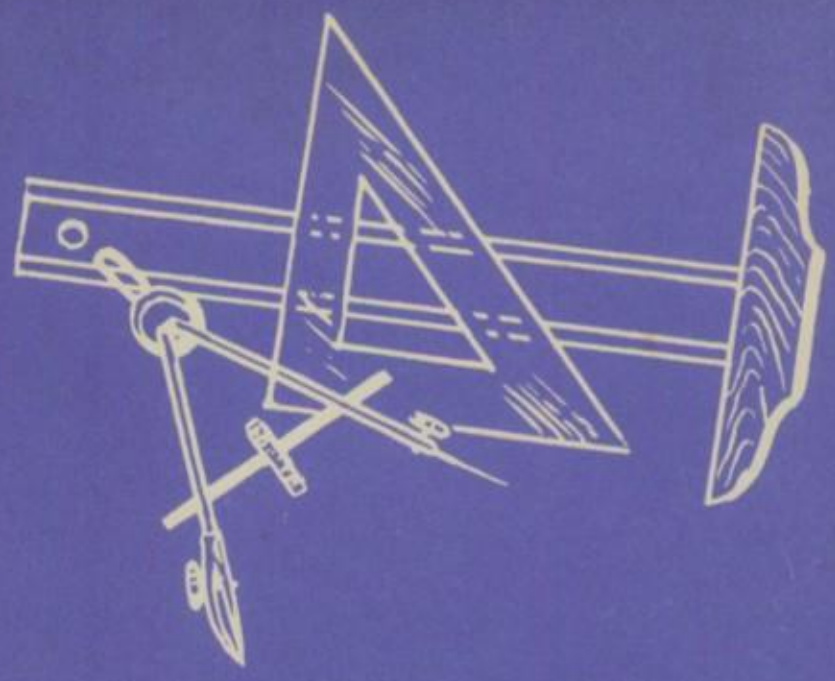
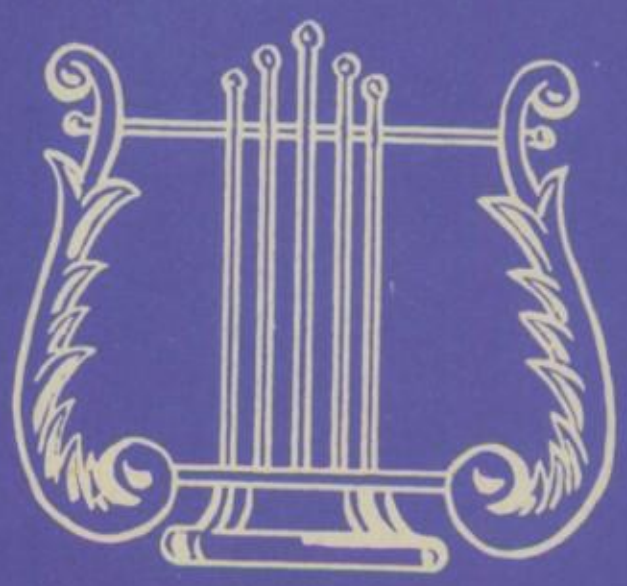
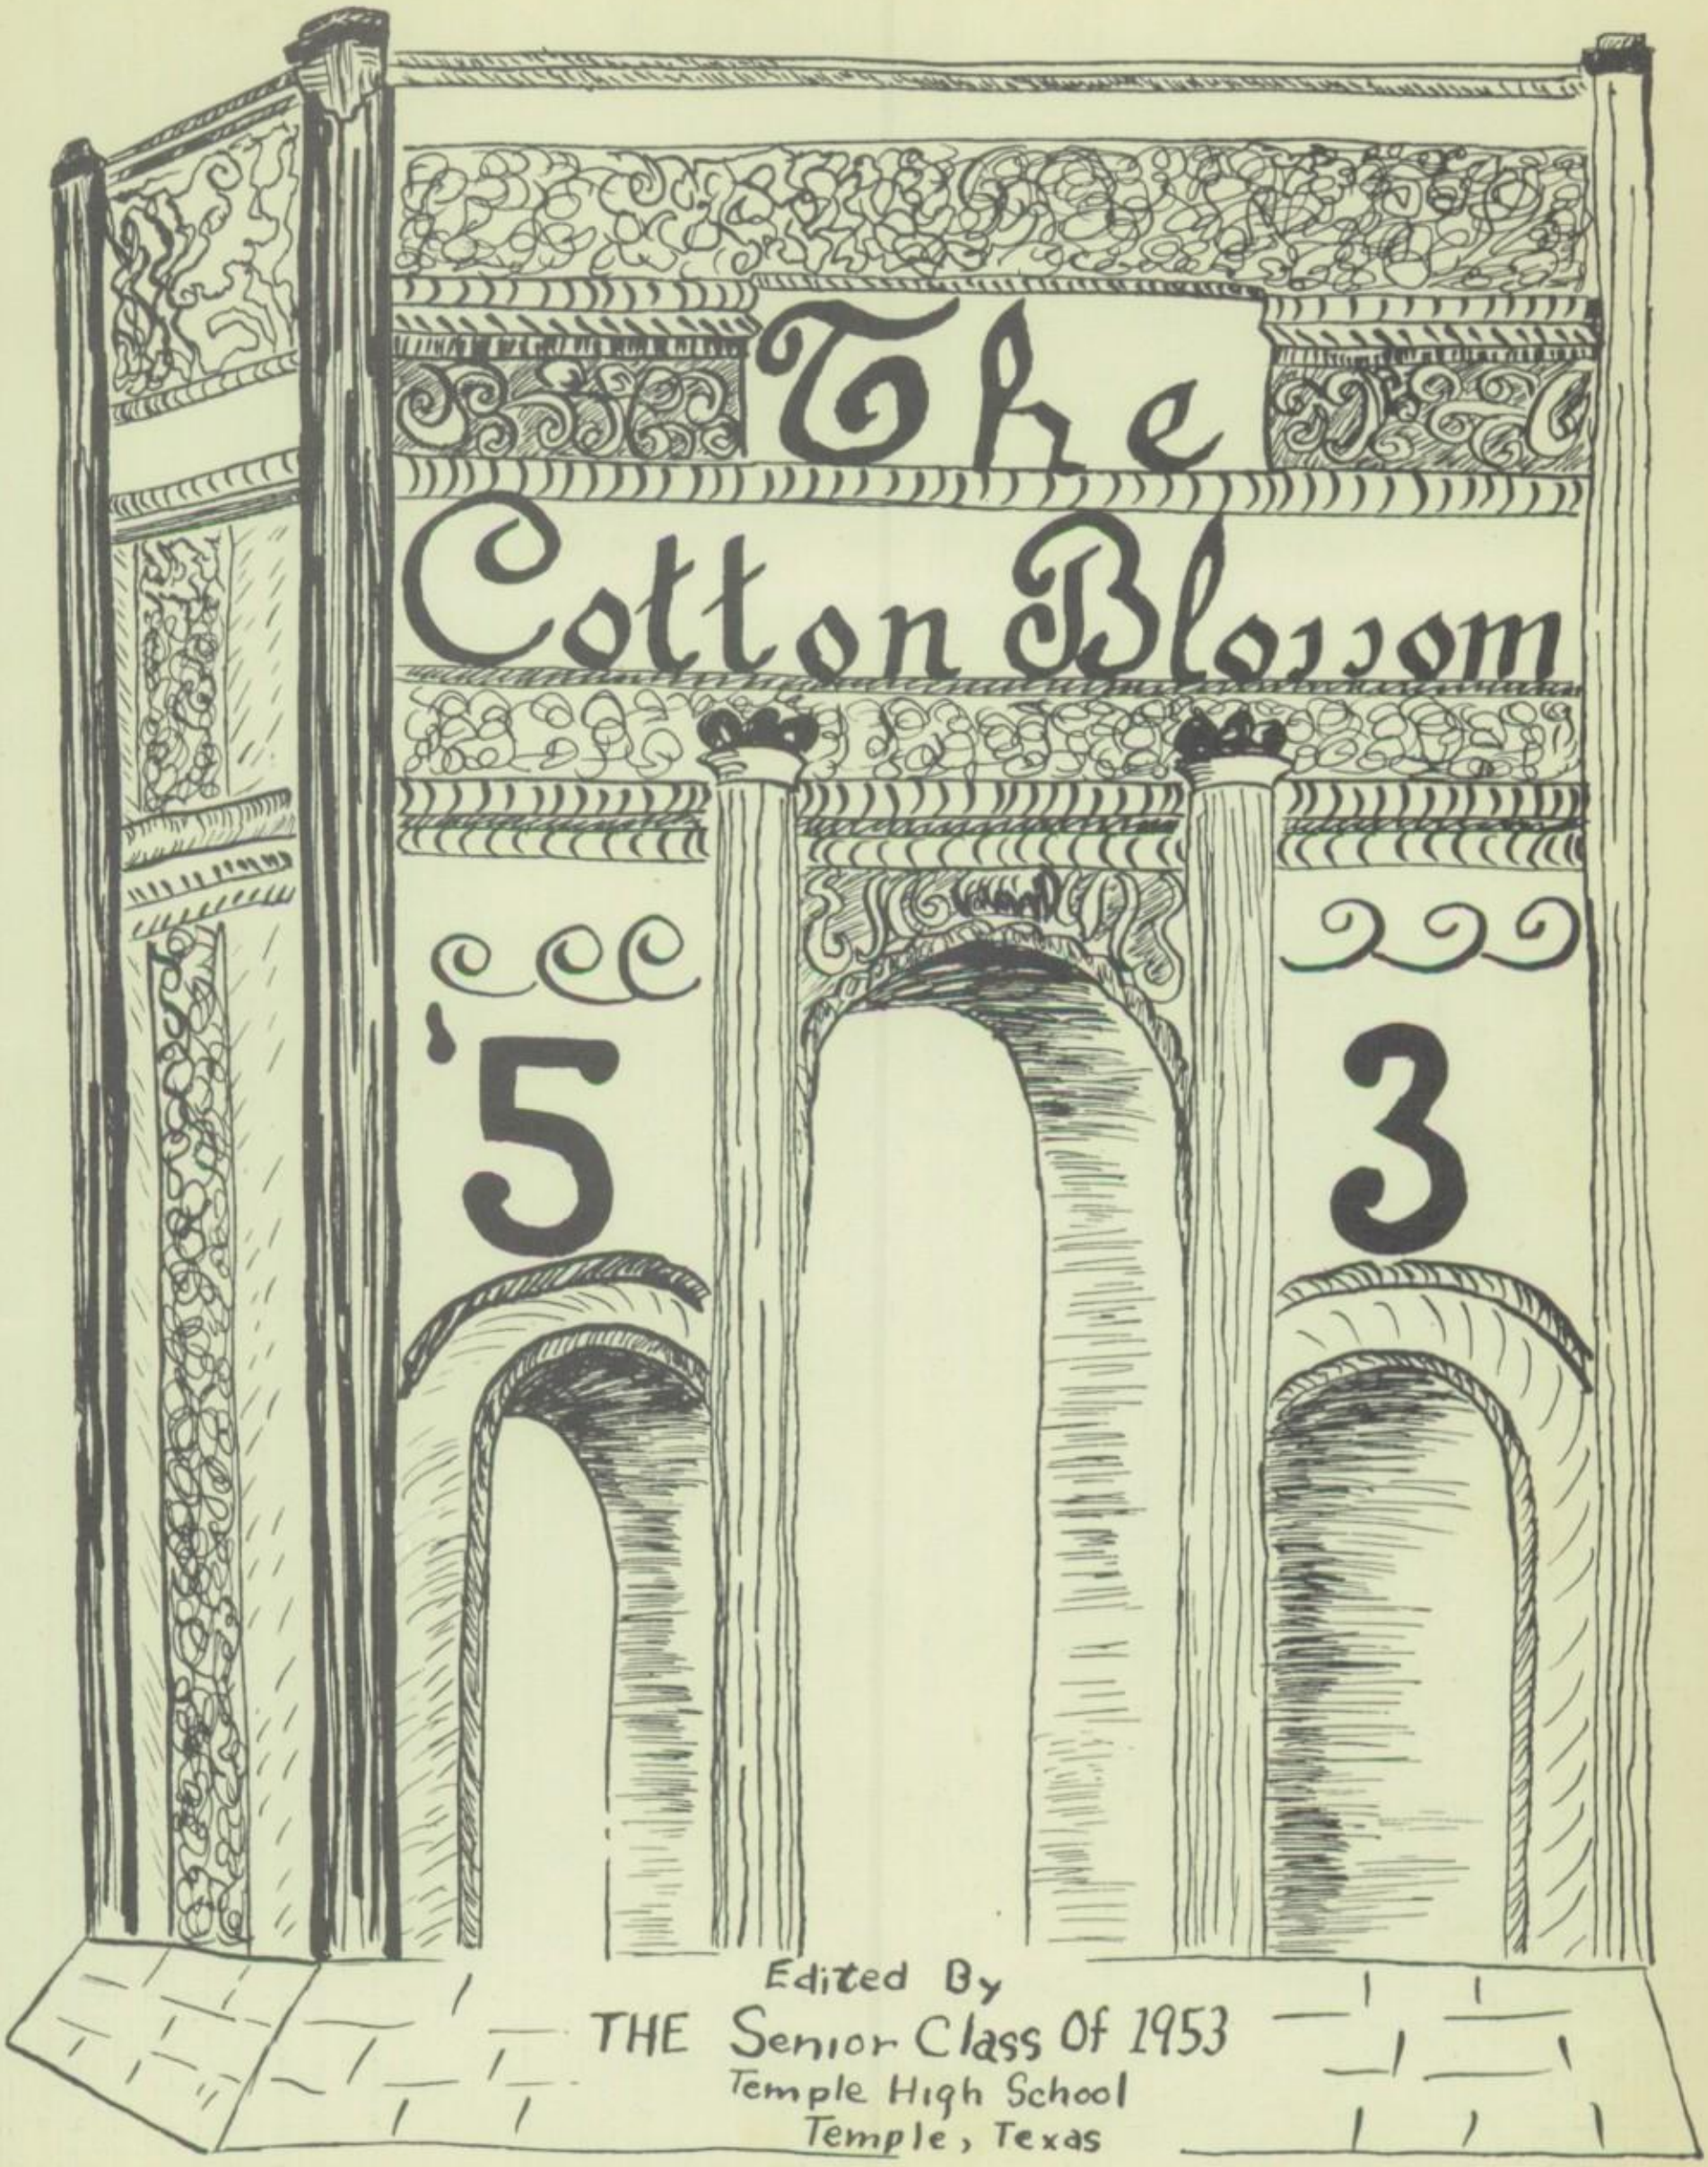
THE COTTON BLOSSOM

E H Thompson







Edited By

THE Senior Class Of 1953

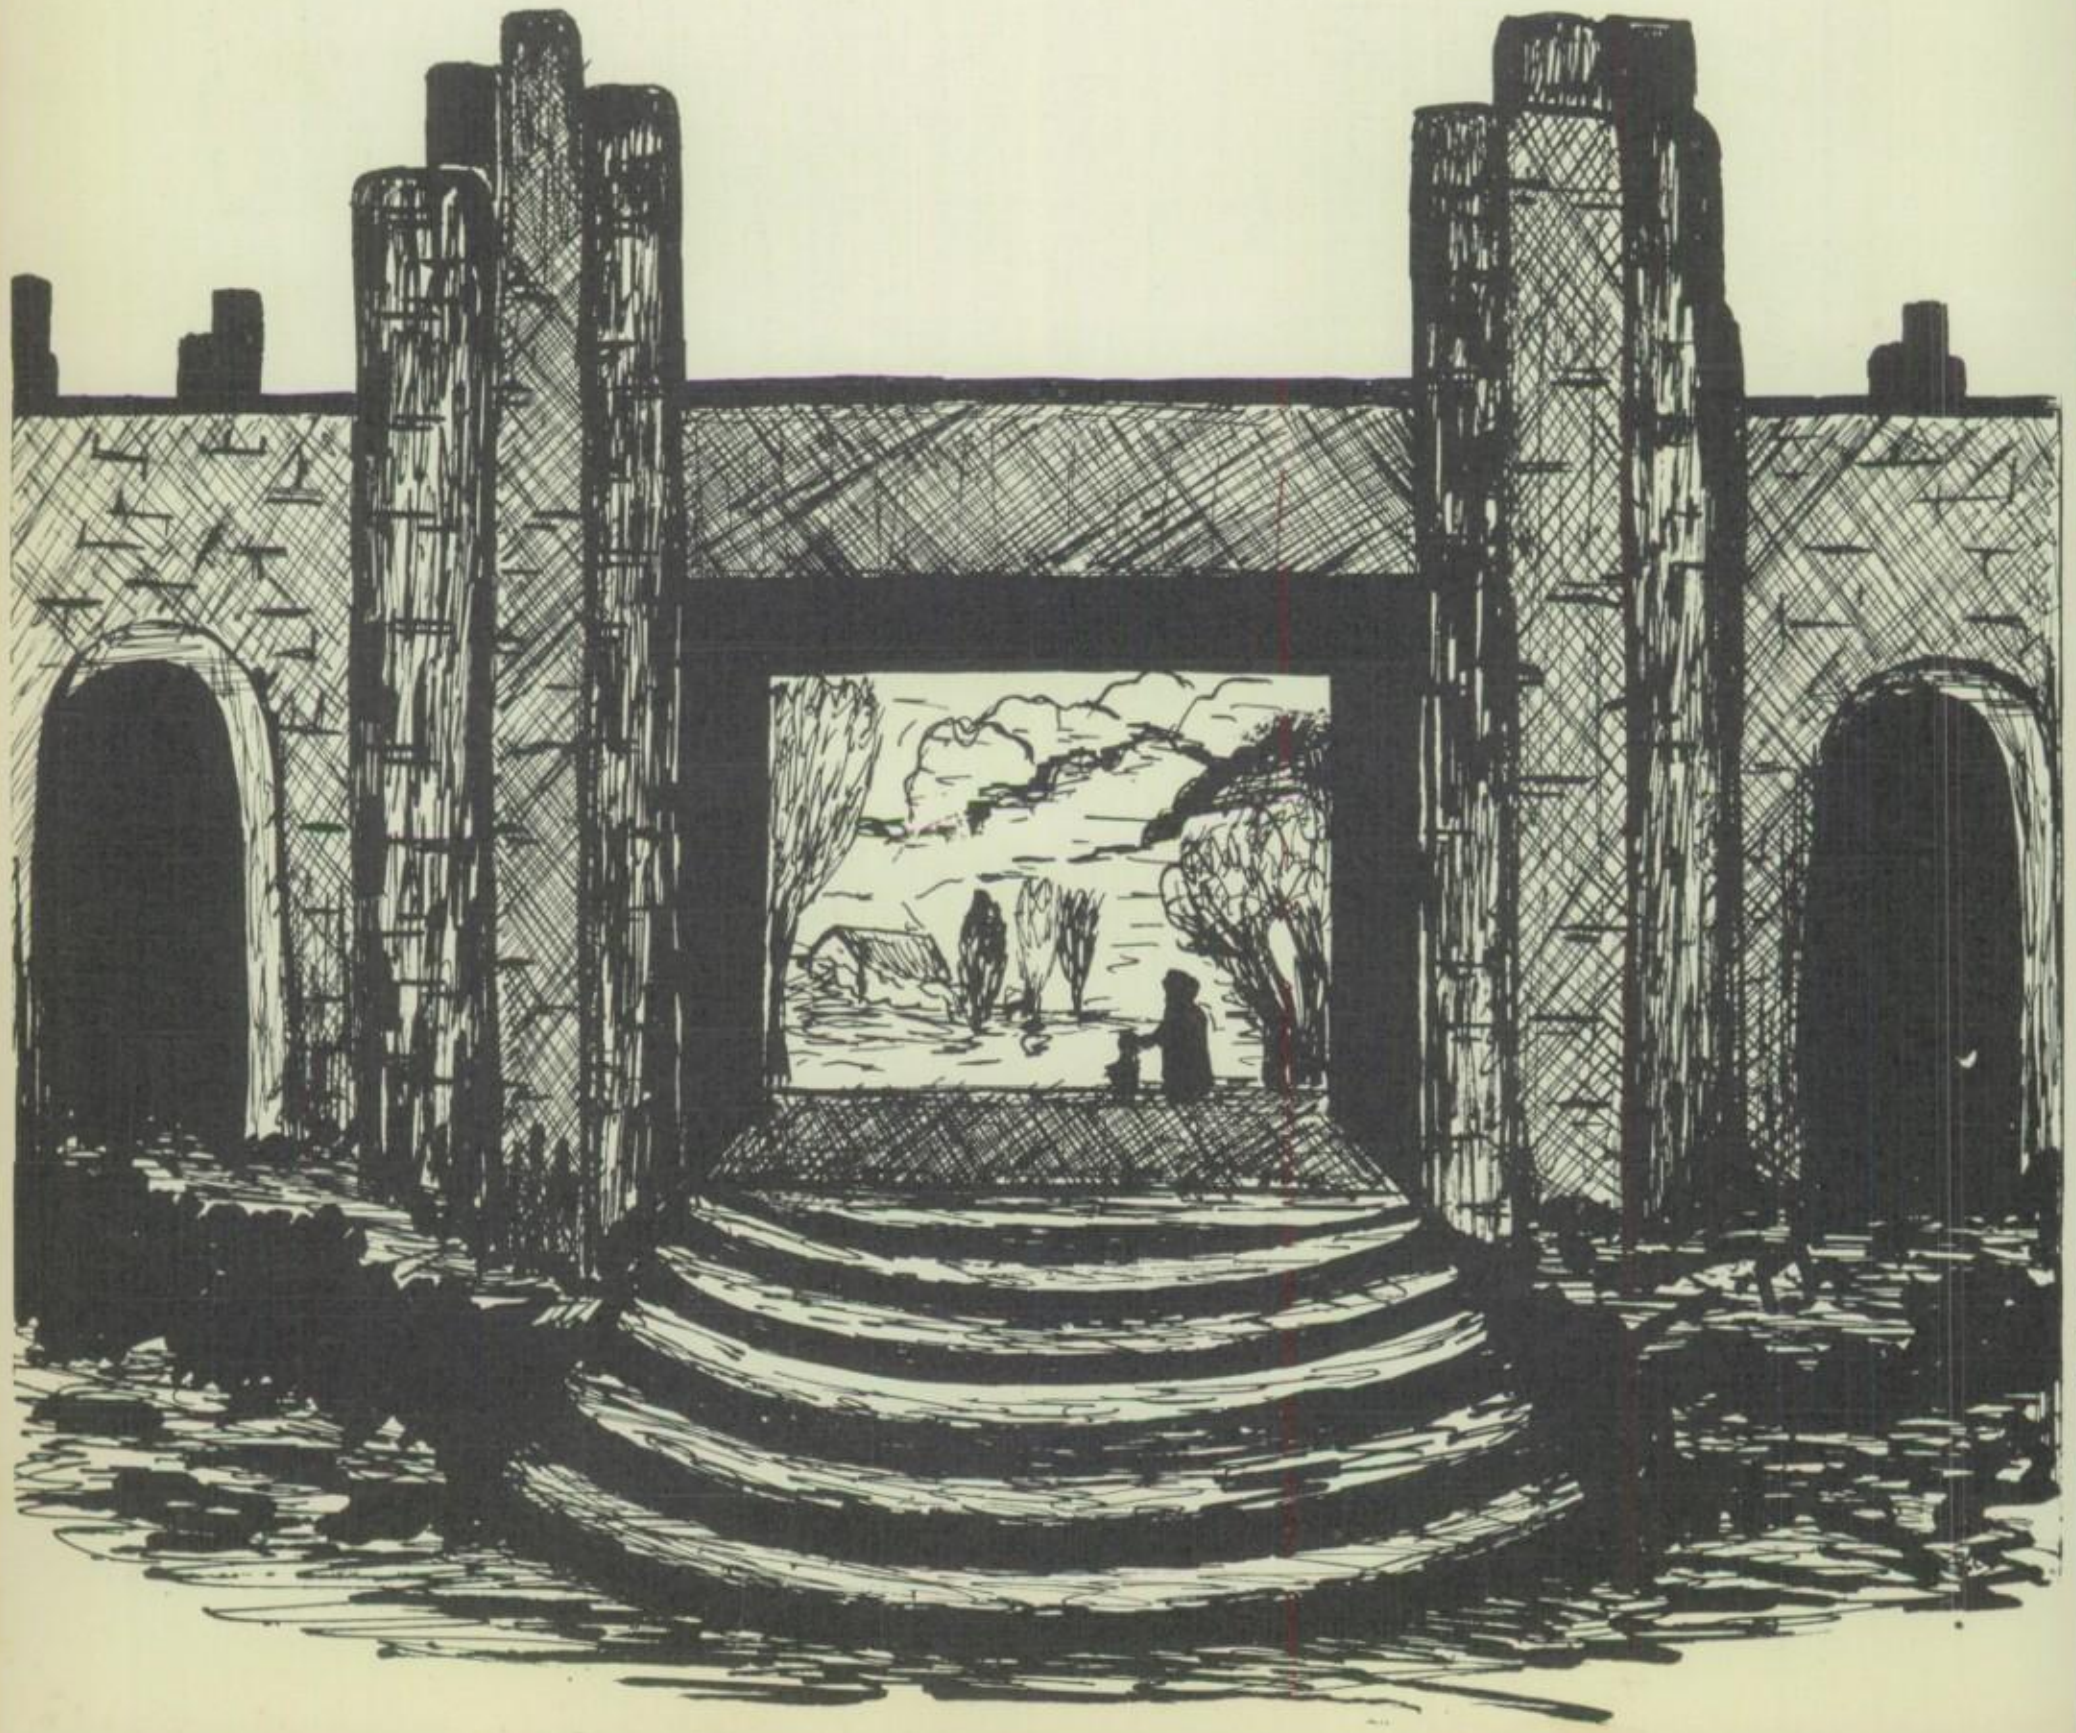
Temple High School

Temple, Texas

Foreword

Think for a moment of the great founders of the Roman Empire--Julius Caesar, Mark Antony, Cicero--and remember that we, too, are empire builders--the empire builders of today!

We present the COTTON BLOSSOM of '53 to you in hopes that you may fondly recall your past accomplishments. View them proudly, whether they are great or small; they are the result of your own efforts. Let us all resolve to build better, stronger empires in the future --empires based on higher ideals!



Dedication

For all his untiring efforts in helping us attain our goals, we, the Senior Class of 1953, take great pleasure in dedicating The Cotton Blossom to Mr. Johnny Payne.

Beautiful . . . Practical and ALL ELECTRIC

Here's the kind of kitchen young moderns call a dream kitchen. Of course, it's electric! . . . with all the magic appliances that mean maximum cleanliness, beauty, speed, efficiency, and a minimum of drudgery!

An electric range for fast, accurate cooking with the automatic features that mean more leisure for you!

An electric refrigerator with generous space for fresh and frozen foods—and engineered to operate at far less cost than older models!

An electric sink . . . with automatic dishwasher and disposal unit to eliminate your two most irksome tasks: dishwashing and disposal of food wastes.

Yes, kitchen work is a snap . . . when it's done at the snap of a switch! So now that graduation is here, and you've begun to think about a kitchen of your own, just remember —

Wonderful Electric appliances make meal-making and hospitality a pleasure!

TEMPLE JUNIOR COLLEGE

For the high school graduate the choosing of a college in which to continue his education is always an important matter for consideration. First of all, he wants to know that it is an acceptable, approved, and well-known college. Then it must offer the courses which fall within the field of work he wishes to pursue. There should be sufficient college activity to afford him a well-rounded social life. Consider how TEMPLE JUNIOR COLLEGE meets the graduates' requirements.

1. What is the academic status of TEMPLE JUNIOR COLLEGE?

   Temple Junior College is approved by the Texas Education Agency and the Association of the Teaxs Colleges as a first-class junior college. It is an active member of the Texas Junior College Association and the American Association of Junior Colleges.

2. What Fields of study are available?

   Preparatory courses in the fields of medicine, law, business, nursing, engineering, teaching and general education are available.

3. What college activities are accessible?

   From the social point of view there are the Freshman and Sophomore receptions, club parties, college dances, class entertainments and Luncheon Club dinner dances. For general club activities there are the Pan-American Club, Business Club, Social Science Club, Dramatic Club, Delta Psi Omega, Do-Si-Do, College Council and others.

4. What activities are available that will enable me to obtain practical experience in my college work?

   The "Leopard Tales," college paper, and the "Templar," college annual afford excellent opportunities in the field of journalism. The Junior College Radio Series offers opportunities in radio writing, production and presentation.

5. What are the qualifications of the faculty?

   Scholarly and experienced faculty members are prepared to give constructive guidance and instructional service.
